March 1, 2003

Dear Survey Recipient,

The enclosed survey asks what you thought about public policy when you were 25, and what you think now.

The survey provides for complete anonymity, per your preference.<sup>1</sup> All responses will be highly valued and used for academic research purposes.

The survey has been sent to a random selection of members of the following six American Associations:

Anthropological	Economics
Historical	Philosophical
Political Science	Sociological

Your name has been selected at random by the Association to which you belong.

I work in the office of Barry Z. Posner, Dean of the Leavey School of Business, Santa Clara University. I am assisting a faculty member by receiving and recording all the survey responses, to assure the completeness and integrity of the reported survey results. To assure survey neutrality the identity of the faculty member conducting the survey is not disclosed here. The costs of this survey are paid by an internal grant from Santa Clara University. We will be very grateful for your help.

Feel free to contact me with any questions you may have. Please return the survey by March 31, 2003, in the self-addressed business-reply envelope.

Thank you very much for your kindness and attention.

Donna Perry  
Assistant Dean, Administration/External Relations  
Santa Clara University  
Ph.: 408-554-2162  
Fax: 408-554-4553  
Email: dperry@scu.edu
